AMENDMENTS TO THE CLAIMS

This listing of claims will replace all prior versions, and listings, of claims in the application:

Claims 1-14 (Cancelled)

Claim 15 (*Currently Amended*) A floating device for cleaning a bathtub containing a liquid comprising water, said device comprising:

a inlet;

pumping means for displacing a liquid wherein said pumping means is in fluid communication with said inlet;

a jet-nozzle in fluid communication with said pumping means such that the discharge of a liquid through said jet-nozzle causes said floating device to move on the surface of the liquid contained in said bathtub and wherein said liquid inlet and said jet-nozzle are below the surface level of the liquid contained in said bathtub;

a reservoir filled with a cleaning solution, wherein said reservoir is in fluid communication with said pumping means;

at least a spray nozzle for discharging said cleaning solution, wherein said spray nozzle is in fluid communication with said pumping means and wherein said spray nozzle is above the surface level of the liquid contained in said bathtub.

Claim 16. (*Previously Presented*) The floating device of claim 15 wherein said pumping means is battery operated.

Claim 17. (*Previously Presented*) The floating device of claim 15 further comprising a filter wherein said filter is fluidically connected to said inlet and said pumping means.

Claim 18. (*Previously Presented*) The floating device of claim 17 wherein said spray nozzle is connected to a rotating spray head.

Any. Docket No. CM2436
Amdt. dated October 7, 2003
Reply to Final Rejection of May 7, 2003

Claim 19. (*Previously Presented*) The floating device of claim 18 wherein said rotating spray head rotates about a rotational axis when a liquid is discharged from said spray nozzle.

61
Claim 20. (*Previously Presented*) The floating device of claim 19 further comprising a self-tracking means.
